November 5, 2009

### *From the Assistant Head of School*

What a fantastic Costume Parade and Fall Festival we had last Friday! The children (and some adults) looked cute in their trick-or-treat attire and the Fall Festival activities were excellent. Thanks to Julie Komaroski, Sara Cissel, Priscilla Crawford, the PSO, and all of the volunteers who made it happen.

I think baseball great Hank Aaron summed it up best when he said, "It took me 17 years to get 3,000 hits in baseball. I did it in one afternoon on the golf course." I had a great time "swinging the sticks" at Marsh Landing with everyone, especially the BES students who were more than gracious when they asked *how* I played. Thanks to our Development Office along with Julie Komaroski and Heather Whitehead for putting on a wonderful event, and I will look forward to again in the future.

I hope everyone has paid for their student pictures by now, and if you have not, will do so as soon as possible. Picture re-takes are scheduled for Friday, November 13<sup>th</sup> if you were not happy with the first set of pictures of your child.

The Sixth Graders left on their class trip bright and early this morning to Earthshine Mountain, North Carolina. We will all anxiously await their return on Sunday to hear about all of their adventures and team building activities.
