Another Happy Year of F.A.C.E.

The Fitness and Character Education (F.A.C.E.) program developed by Kirk Farber, 6th degree Black Belt and Seminar Speaker was so popular that he is returning for another year (7th year) to Beaches Episcopal School. He combines his 25+ years training of Martial Arts, jumping rope, and juggling to guarantee results in agility, coordination, focus, and timing for today's youth. He incorporates building self-esteem and character education thru public speaking on character trait within every class session. If you're interested, please complete and return the form below along with a check to insure a spot. We are limiting this program for Grade K through 6th Grade students to a maximum of 20 students. Parents will be responsible for any Extended Day costs associated with this if the situation arises.
