Lessons

Art

We completed so many fun heart themed crafts this week! The class got to use the salad spinner to create spin-art hearts. We learned about symmetry with a symmetry heart project. Lastly, the children used foam stickers to decorate their last heart project for the week.

Science

This week's science lesson dealt with predictions and hypotheses. Each student predicted how many hearts they could hold in their hand.

Language Arts

We learned all about the letter X this week with My X Book and a X is for X-Ray craft. We also read several fun Valentine's themed books including, Ruby Valentine's Valentine Surprise, Valentine Friends and Happy Valentine's Day, Mouse!

Fine Motor

The children loved working with our new fine motor boards where they practiced zipping, snapping and buckling!

Highlights

The children loved exploring the fine motor centers!
